AUGUST 27, 1918.

FRENCH CLOSE IN ON FOE BASE

Huns Flee from Albert to Soissons

RESNOY, OUTPOST OF ROYE, IS CAPTURED IN A FIERCE ENSLAUGHT

WITH THE FRENCH ARMY IN FRANCE, Aug. 26.—Fighting in water up to their waists in the marshes along the Avre and charging the crews of machine guns who served their weapons until killed, the troops of the Third French Army today took one of the strongest defenses of Roze. They also captured 600 prisoners and took important booty, including a big number of machines.

Daybreak City Flashes

The first attack was upon the village of Resnoy, two and one-half miles north of Roze, where the Germans had restored the old fortifications of 1914-17, reinforced them with wire and installed many machine-gun nests. After a short preliminary bombardment, the French infantry, supported by the artillery, rushed forward, capturing the position, rushing through blockhouses and killing many of the enemy.

BOMBS HIT MANNHEIM

Raid on Chemical Works Succeeds

LONDON, Aug. 26.—Chemical factories at Mannheim and the railway station at Frankfurt were successfully attacked Sunday night by the British independent air force, according to an official communication issued tonight. All the British machines returned safely to their base.

LONDON, Aug. 26.—The British independent air force operating on the west front last night scored a success in the bombing of Mannheim last Thursday. The frank report of this loss has caught the public imagination here. The outstanding feature of the exploit was the heroic determination of the British squadrons. They were heavily attacked as they flew to their objective; they knew that equally stern fighting would await them on their way back, but nothing daunted them.

It takes more than the risk of danger to halt British airmen, who have made up their minds to reach an objective, says one newspaper. It is pointed out that the Germans were in largely superior numbers and that only to think of fighting, whereas the British had both fighting and bombing to attend to. The raid was all on the German side, but the British aviators reached Mannheim and did their job.

Newspaper editors point out that the bombing was well worth the risk, for Mannheim is the center of the great chemical industry, and the raid is believed to have done damage which will compel the German army, for a time at least, to do without supplies of war chemicals from that quarter.

The British aviators did not suffer without hitting back, the newspapers also point out, for three German fighting planes were beaten down. Officially, it is noted, that the Germans are now making most determined efforts to protect their towns by concentrating large numbers of fighting machines and anti-aircraft guns.

Commenting on the raid, a British air officer said today: "We suffered losses, but we won a splendid victory. We set out to bomb Mannheim and no German efforts could frustrate our intention."

He gave his age as 60 and that of his fiancée as 41.

If you don't enjoy being robbed, then you will not vote for any candidate who stands for and by the Forty Fat Commissions. This State cannot prosper as it should until they are driven from their trenches. Will YOU help do it today?

America's Leader in France Ready for Tour of Front.

Gen. Pershing in a "Carnegie Derby."

This striking photo, the very latest taken of our army's fighting chief, shows him wearing a steel helmet, donned as he starts from headquarters for an inspection of the first-line trenches.

With the French Army.

FRENCH WHIP PRUSSIAN GUARD; NOW MENACE CHEMIN DES DAMES.

WITH THE FRENCH ARMY ON THE OISE FRONT, Aug. 26 (Noon).—Violent counterattacks launched by the Germans this morning between the river Ailette, at Pont Saint-Mard and Juvigny, north of Soissons, were completely smashed by the French. Gen. Mangin's army is still menacing the German communications between the river Aisne and the Soissons and Laon region.

The French troops are still stoutly holding the positions they have won in this sector and further gains on the plateau to the eastward in the direction of the Chemin des Dames would put the enemy in another dangerous pocket.

The French at Juvigny are within four miles of the railroad running towards Laon and they also are within seven miles of the highroad going in the same direction. This highroad joins the Chemin des Dames eight miles away near Malmaison, the western pillar of the Chemin des Dames position.

The first division of the Prussian Guard was brought up yesterday but it gained no success.

The first rush of the Prussian Guard gained ground between Pont St. Mard and Orme-de-Monte Couve, north of Juvigny. They were obliged to abandon the field soon after, however, leaving behind them a considerable number of dead and 400 wounded prisoners.

Enemy troops between the Aisne River and the road from Soissons to Chauny are in the same danger as that which threatens Gen. von Hutier's men in the Lassigny salient unless they are able to resist the pressure from Mangin's troops.

Insiders.

INTERNATIONAL TEUTON PLOT REVEALED IN SAN FRANCISCO.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Aug. 26.—With the indictment here today by a Federal grand jury of Albert von Dem Busche Muench, alias Kurt Brunner, said to be a nephew of former German Ambassador von Bernstorff, and Edward Michael Zacho, agents of the United States Department of Justice said they believed they will be able to prove the existence of a widespread spy plot extending through Russia, Sweden and the United States.

The two men, according to Federal officials, arrived in San Francisco from Munich, through the United States, Zacho, alleged to be the head of the alleged spy system in Stockholm. Upon arriving in Russia, Zacho obtained the release of Muench, took him to China and there the pair secured from Admiral Von Hintze, German Secretary of Foreign Affairs, then Ambassador to China, information to be transmitted to the German government.

The men came to the United States in 1917, and because of the suspicions of a sailor on a Pacific liner, Muench was arrested. Zacho, who had separated from Muench, was not apprehended at the time. A search of Muench, it is declared, revealed in the lining of his clothing papers of value to the German government. Pursuing the investigation, Department of Justice agents uncovered the facts, they say, that Muench, alias Brunner, was a German army officer captured by Cosacks early in the war.

CANADIANS DASH AGAINST STRONG LINES OF ENEMY

(BY ATLANTIC CABLE AND A. P.)

LONDON, Aug. 26.—It was the Canadians who early Monday morning, in the new offensive of the British southeast of Arras, captured Wancourt and Monchy-le-Preux and pressed on beyond them, according to Field Marshal Haig's communication issued tonight. The statement also records the capture by the British of Montauban and Basentin-le-Hirand, respectively, west and southwest of Longueval.

WITH THE BRITISH ARMY IN FRANCE, Aug. 26, 10 p.m.—The German retirement is continuing along many parts of the battle front tonight. The British are overwhelming the enemy's rear guards in heavy fighting.

Reports indicate that at least one counter-attack has been broken up by the British artillery concentrating its fire on massed enemy troops.

WITH THE BRITISH ARMY IN FRANCE, Aug. 26, 4 p.m.—With the battle front widened by a surprise attack in the north, so that it now extends all the way to the River Scarpe, the British again made steady progress against all opposition.

The enemy's resistance has been the aspect of rear-guard actions. There are rumors of a counter-attack by the enemy in an effort to gain time, as his main roads, especially in the center, required for moving material to the rear, have been broken or are under fire. Big guns have been moved up so that they range far behind the enemy's lines.

In many localities the retreating Germans have left strong posts of machine guns supported by single field guns in an effort to delay the advancing British. These field guns have had no effect.

Cappy, the little town just south of the Somme, was lined with machine guns when the Australians, in the middle of the night and during a driving rainstorm, attacked it. A lone field gun from the rear of the town threatened to do some damage until a daring group circled around and crept up on it from the road and hurled themselves on the gunners, killing them. With the assistance of tanks, Cappy was cleared of the live machine gunners, and the Australians pressed on. About the same time Susanne, almost across the river from Cappy, fell in somewhat the same manner.

WITH THE BRITISH FORCES IN FRANCE, Aug. 26, 11:30 a.m.—The battle this morning again extended the active front to the northward, fresh British forces launching a new attack from the River Scarpe to what heretofore had been the left flank of the battle line. Everywhere the German line is reported to have been beaten in as the British troops pushed forward.

Last night the Germans counter-attacked north of the River Scarpe and got back a slight portion of the ground captured by the British yesterday.

In the south below the Scarpe the British continued to push forward last night and today. A vigorous German counter-attack at Bapaume-L'Abbaye was repulsed with heavy losses for the enemy.

South of Bapaume the Germans this morning launched another heavy counter-attack. The British permitted them to come up to the British trenches and then surprised them with bagart.

In many places where the Germans have been forced to retreat the British are progressing cautiously, because the Germans have placed mines in the roads in the hope of delaying the advancing artillery, transport and troops. The British, knowing the ways of the enemy, however, so far have not been caught.

More prisoners, heavy guns and machine guns have been taken in the last twelve hours.

(Continued on Second Page.)

SUMMARY OF THE WAR

While the Germans were busily engaged in defending their positions against the British and French armies from the Aisne region to the region of Soissons, Field Marshal Haig early Monday morning struck and won surprise victories over a new front north of the old battlezone. The new offensive was launched from the east of Arras on the Scarpe River and southward to the Cote de Bataille.

All along the front the British pressed forward, at some places to a depth of more than two miles and captured a half-dozen or more villages among them Monchy-le-Preux, Guemappe and Wancourt.

Across the Cote de Bataille the British attacks on the old battlefield brought them to the villages of Morcy and St. Leger, and farther south the British pressed on eastward about a mile. Farther south the British are reported unofficially to have reached the western outskirts of the town of Arras.

Thillioy in the nipper movement they are carrying out against Bapaume. With Haig's men now standing well within gun range of the town it seems likely that the Germans will be forced to evacuate Bapaume in short order.

Additional gains also have been made by the British east of Albert and on both sides of the Somme River. In fact, notwithstanding the efforts of the Germans through the use of large reinforcements to hold them in check, the British have French all along the line from Albert to Soissons have made considerable gains and carried further forward their plan of making the Flanders battle ground untenable for the enemy.

As the battle stands today, the British appear to be quite near the old Hindenburg line south of Arras, while they are making an attack directly against it along the Flanders sector to the north, from which the Germans are said to be retiring.

Heavy rain is falling over the battle area.

On the north the British are reported to be near the Hindenburg line at Bullecourt, the scene of sanguinary combats in the spring of 1917. The enemy had been driven from the high ground between the Aisne and the Somme and the British are

Rear Admiral A. V. HANE.
MAURICE HURSON, Secretary.

ALL MANUFACTURERS OF MOTOR TRUCKS:

Since the conference between your representatives with the undersigned and other representatives of the War Industries Board, careful consideration has been given to the several problems considered and a decision reached that motor trucks, in so far as they are used directly or indirectly for war purposes, are war essentials and that their production for such purposes must be facilitated; and further that, in so far as motor trucks are employed in civilian industries for essential uses, they constitute an important transportation medium and any curtailment for such uses should be avoided as far as practicable.

It appears, however, that there exists in this industry, as in many others, factors of non-essentiality, which must as a war measure be eliminated.

The War Industries Board does not undertake to deal with all the problems discussed at the conferences mentioned, but it does undertake to administer priorities in fuel and steel, your requirements for which are large, and your proper employment of them correspondingly important.

FUEL

The Priorities Division will receive the application of any manufacturer of motor trucks for a place on the preference list for fuel. It will in every case take into consideration the fuel situation of such manufacturer, the amount of its direct and indirect Government business and the uses to which the remainder of its products is being devoted.

Any manufacturer whose plant now is or in future shall be exclusively devoted to manufacturing products being or to be absorbed directly or indirectly, by the Government, or other uses of essential importance, and whose fuel requirements and output per proper economical relation to each other, may have such plant placed upon the preference list for fuel, upon condition, however, that such manufacturer shall observe a pledge of co-operation and the rulings of the Priorities Board.

STEEL

For the winning of the war steel is now the world's most precious metal. It is assumed, or used to some extent, every day by practically every civilized man in every civilized country, and nowhere in such vast quantities per capita as in the United States.

The present and constantly increasing steel requirements of this country and its uses for direct and indirect war needs, one hundred per cent. of which must under any circumstances be promptly supplied, are so enormous as well high completely absorb our constantly expanding producing capacity. The result is obvious. There is comparatively little iron and steel left to distribute to those industries engaged in non-war work and to consumers for non-war uses. Every possible use of iron or steel for products which can be deferred must be deferred until after the war. This duty personal and cannot be avoided or delegated to your friends and neighbors. No competition is so small as to be immaterial and no saving is insignificant.

Your careful attention is invited to Sections 1 to 11, inclusive, of Circular No. 4, issued by the Priorities Division of the War Industries Board under date of July 1, 1918, describing five principal classes into which all orders and work are divided with subsections thereof and providing a method for classifying all orders and work for priority purposes.

It will be noted that priority certificates are issued covering three classes; namely, Class A, Class B and Class C. Class C comprises all orders and work not covered by priority certificates and not included in Class A or Class B automatic rating, but which are embraced within the "General Classification of Purposes demanding Preference" appearing on page seventeen of Circular No. 4, or which are placed by or to be utilized in connection with an industry or plant appearing on Preference List prepared by the Priorities Board and appearing on pages eighteen and nineteen of Circular No. 4. Priority certificates are not issued for Class C orders and work. Class C comprises all orders and work not embraced in the higher classes and no certificates are issued therefor.

Preference List No. 1 referred to above is being revised from time to time by additions thereto and removals therefrom of individual plants and entire industries.

Any manufacturer of auto trucks whose plant now is or in future shall be exclusively devoted to manufacturing products being or to be absorbed directly or indirectly by the Government, or in other uses of essential importance may have such plant given a B4 rating for its steel requirements; conditioned, however, that such manufacturer shall observe its pledge of co-operation and the rulings of the Priorities Board.

Should any manufacturer of trucks conceive itself under the priority rules to be entitled to a higher than Class B4 rating for its steel requirements to complete any particular contract or order, then it may present formal specific application for such higher rating, which will receive careful consideration and attention at the hands of the Priorities Committee.

Such manufacturer's pledge of co-operation, as set out in this circular, shall apply to uses of steel already in its possession and of manufactured or partly manufactured trucks already in its possession at the time its pledge is made. In other words, the pledge will be construed as applying to all of its materials and all of its manufactured or partly manufactured trucks and parts on hand when its pledge is given or afterwards acquired.

The demands for iron and steel and their products, present and prospective, are such that no guarantee can be made to this or any other industry that its steel requirements or any portion thereof will be met. However, the members of the motor truck industry

War Industries Board

Priorities Division

CIRCULAR No. 11
(Issued August 8, 1918)

industry taking and in good faith complying in letter and in spirit with the pledge of co-operation set forth in this circular will be accorded the preferential treatment herein mentioned in procuring their supplies of fuel and of iron and steel.

PLEDGE OF CO-OPERATION

The pledge of co-operation to be given by any manufacturer who desires to be placed on the preference list for its fuel requirements or who desires to be placed in Class B4 for its steel requirements should be in the following form:

Priorities Division,
War Industries Board,
Washington, D. C.

"The undersigned hereby pledges itself (1) to use only in the manufacture of motor trucks or repair parts for motor trucks the steel suitable therefor which is now in its possession or which may hereafter come into its possession; (2) to sell no motor trucks of its manufacture except (a) for essential uses as that term has been or may be defined or applied by the Priorities Division of the War Industries Board, or (b) under permits in writing, signed by or under authority of such Priorities Division; (3) to sell no user an unnecessary number of motor trucks even for essential uses; (4) to discourage the purchase of any motor truck to replace a usable truck already in service and to give maximum encouragement to the repair of trucks; (5) that this pledge shall bind not only the undersigned but also its branch houses, subsidiaries, dealers, brokers, factors, commission merchants and all other selling agencies; (6) to make no delivery of any motor truck to any one for resale, either directly or indirectly, until such one has filed with the undersigned its pledge of co-operation in writing; and to make monthly reports as required by the War Industries Board to the Automotive Products Section of said Board or otherwise as said Board may direct."

Any manufacturer who has already made application for place on the Preference List should send in its pledge of co-operation in the foregoing form and mention the fact that application has previously been forwarded.

If in any given case the use proposed to be made of a motor truck of your manufacture shall be one which has not been defined as essential by the Priorities Division but which the proposed user conceives to be essential and of such importance that its sale to him should be permitted, then such proposed user may make a full statement of the facts in writing, under oath, to the manufacturer making such motor truck and apply to such manufacturer for his approval of the proposed use. Such manufacturer thereupon shall endorse upon the statement of facts his agreement with or disapproval of the same, giving his reasons therefor and transmitting the application and his endorsements thereon to the Automotive Products Section of the War Industries Board for submission to the Priorities Division, and if approved by said Division a permit will be issued for the sale of such motor truck to such proposed user.

REPORTS

Each manufacturer will forward during the first fifteen days in each month its sworn reports in forms which will be prescribed by the Automotive Products Section of the War Industries Board, showing, with reference to the previous calendar month:—the number of motor trucks manufactured, the number delivered to the United States Government and its Allies, the number delivered for essential uses (giving details), the number delivered upon permits issued by or under authority of the Priorities Division of the War Industries Board (giving details), the number of finished motor trucks on hand, the approximate stocks of steel on hand and such other information as may be required by such Automotive Products Section of the War Industries Board. Such reports will be held confidential by the Board unless the public interest shall otherwise require.

NEW FACILITIES

The creation of new industrial plants or the expansion of existing plants or facilities for the manufacture of motor trucks is at this time unnecessary and undesirable, inasmuch as existing facilities are ample to produce all motor trucks required for essential uses, or for which steel can properly be furnished. Increasing of the existing facilities would therefore entail the unnecessary utilization not only of materials, but of labor and capital required for war work. Unless extraordinary circumstances otherwise demand, no priority assistance will be extended for the creation of such new facilities, notwithstanding they may be of local importance and of a character which would in normal times meet with every encouragement. Should they be created without priority assistance, the preference extended to those manufacturing with existing facilities to enable them to operate will not be extended to those creating such new facilities.

Washington, D. C.,
August 8, 1918.

Yours very truly,

EDWIN B. PARKER,
PRIORITIES COMMISSIONER.

As manufacturers of The Autocar Motor Truck we have signed and filed the Pledge of Co-operation called for by the War Industries Board. To give this Board our further co-operation we are publishing their circular as above in the following daily papers:

Grand Circuit CLOSE TROTS AT READVILLE.

Old Track Closed Six Years
Maintains its Speed.

Lou Princeton Does Fastest
Mile of the Day.

Two-Sixteen Pace Event is
Marred by Spill.

(BY A. P. NIGHT WIRE.)
READVILLE (Mass.) Aug. 26.—Close finishes in many heats enlivened the opening day of Read Circuit week on the Grand Circuit at the famous old Readville track this afternoon. Favorites won, and some excellent time showed that the track, which has not had a Grand Circuit meeting for six years, maintains its speed.

Lou Princeton, after breaking twice in the opening heat of the 2:16 trot, won the second and third heats easily. Cox put the Atlantic City horse over the second heat in 2:09 1/4, the fastest mile of the afternoon.

Tom Donohue, with Billy Fleming driving, won the first and second heats of the 2:14 class pacing, and was in a spill with Kathleen Gale, with Ben White up, in the third heat. Tom Donohue and Billy Fleming were awarded first money.

The Royal Knight, after trailing in the first heat of the 2:16 trot, romped home in third place in the second and third heats.

The 2:08 class was marred by a spill in the first heat, when the driver of the horse of the same name was thrown, but he recovered and won the heat.

The 2:08 class was marred by a spill in the first heat, when the driver of the horse of the same name was thrown, but he recovered and won the heat.

AVIATION NINE TO TRAVEL BY PLANE.

(EXCLUSIVE DISPATCH.)

SAN DIEGO, Aug. 26.—The army and navy aviation base ball nine will establish a precedent in baseball transportation Saturday when the members will make the trip to Pasadena for the game there by airplane and seaplane.

A squad of twenty men from North Island will make the aerial trip. The aviators are scheduled to play the Pasadena merchants team, Sunday.

The commanders of the army aviation and the naval aviation have both approved of the aerial transportation of the men, which will be the first time a ball team has ever traveled in this style.

husties turning out for a rudimentary drill in the game under the direction of Lieut. Verbeck, head coach.

Verbeck, former center of the Massachusetts Aggies, is said to have mastered every phase of the great American tankard sport and believes that he has enough class material among the ballplayers to take on each and every eleven in Southern California successfully.

Among the sawdust stars available for the Balloon School eleven are: Cecil, Harold, Fogus, Al, American, Harry from University of Illinois, A. J. Matthews, and Normy.

Daniel, W. F. Day, a professional pitcher, from Cornell and Glad.

W. Schmidt, a lineman from the University of Wisconsin, left.

AVIATORS PLANNING
LABOR DAY CARD.

A monster sport programme will be put on at March Field Aviation School, near Riverside, Labor Day. In addition to soldier sports events a number of local lights will appear in special games.

The Writ Van Court of the A.A.A. is taking Harry, Fred, and Jack, who are expected to appear in a couple of boxing bouts, while Walter Miller will probably appear in a wrestling exhibition.

WESTERN GOLF PLAY.
GOLFERS OF MICHIGAN were the model in the qualifying round of the Western Amateur Golf Association championship at Indian Hills Club today with 18. Five over par was made by Miss Frances Hadfield of Blue House, Chicago, who was tied for second place, with Miss Elaine Rosenthal, formerly champion of Chicago.

Until recently his wife came with him each year, but she is advanced in age and too feeble to make the trip this time. His niece, Jane M. Ramsey, accompanied the commodore, and they stayed at Bryson apartments. She will take the remains to Newark, N. J., for burial, and a military funeral will be accorded the commodore here.

cloud's automobile. The accident occurred at First and Main streets. Cloud attempted to escape, after his automobile had knocked the Mexican down, but he was stopped by the police. The Mexican is in the Receiving Hospital, suffering, according to Police Surgeons Dunsmoor and Goodrich, from a fracture of the skull. He is not expected to live. In case of his death the charge against Cloud will be changed to manslaughter.

Edison Amberolas, \$35 and Up

On. Until recently his wife came to visit him each year, but she is advanced in age and was too feeble to make the trip this time. His niece, Mrs. Jane M. Ramsey, accompanied him as commodore. She will be staying in Bryson apartments, where she has the remains to Newark, N. J., for burial, and a military funeral will be accorded the commodore there.

Commodore Foote was a prominent member of the Founders and Patriots of America. Four years ago he served a term as treasurer-general, and was lately on the General Court.

He was born in Wayne, Pa., October 20, 1843. He was a partner in the firm of Stribley & Foote's Druggists at Newark, N. J. He has no children.

Sixty-first District—John Roberts
 White.
 Sixty-second—George R. Wick-
 man.
 Sixty-third—Sidney T. Graves.
 Sixty-fourth—George A. Lynch.
 Sixty-fifth—George M. Easton.
 Sixty-sixth—Morris M. Ferguson.
 Sixty-seventh — A. Burlingame
 Ohmsco.
 Thirty-eighth—Henry H. Youkin.
 The Board of Supervisors should
 be an economical body. The Times
 has investigated the candidates in
 all of the Supervisor districts, and
 believes the following best fitted to
 serve upon the county's most impor-
 tant board:
 First District—J. L. Matthews.
 Second District—E. J. Delaney.
 Third District—W. M. Humphreys.

**WHY STEPHENS
SIDESTEPED.****Bordwell Diagnoses Delay in
Mooney Case.****Says Executive Feared Loss of
Votes at Polls.****Last-Minute Reason vs. that
First Assigned.**

In a statement made last night regarding Gov. Stephens' delay in deciding the Mooney case, Hon. Walter Bordwell, Republican candidate for Governor, said:

"Gov. Stephens put off his decision in the Mooney case to a date clearing both impending State elections, on the sole ground that he would need all the intervening time to examine the record.

"It now appears that this was not the Governor's motive in the matter, and our informant is ex-Senator Flint, who said that the Governor's delay in the Mooney case was a last-minute political advertisement.

"Senator Flint said that the Governor's delay in the Mooney case was a last-minute political advertisement.

"Gov. Stephens was unwilling to take a stand in the Mooney case before the primary election, and the reason should be clear to all voters.

"His friends postponed action until after the two elections. In other words, as Senator Flint admits, Gov. Stephens in delaying his decision was actuated solely by the desire to avoid prejudice to his candidacy in the campaign for the Governorship.

"No more severe condemnation of Gov. Stephens has appeared in the present contest than that voiced by Senator Flint. It was the right of the people to have opportunity to pass on his final action in the Mooney case, and they were denied it.

"Gov. Stephens, in my opinion, should not only have acted promptly in the Mooney case, but his thought should have been: 'I am performing my duty as well as I know how; I am willing to leave my action to the judgment of the people, even though they shall feel that what I have done was not wisely done, and to take the consequences of my act at the polls.'

"Gov. Stephens did not pursue this course, but as we are now advised by one of his supporters, resorted to delay because he was unwilling to have his final decision in the Mooney case passed on by the voters at the elections.

"A public official should always be willing to be judged by the people for what he has done, and he can never justify himself for refusing to act on the plea that he may be judged by them to his condemnation.

"If there was anything left upon which Gov. Stephens could be defended in this case, it has been taken away from him by Senator Flint. We now know he was afraid he might not be elected, and he elected if he rendered his decision before the primaries.

"A candidate who fears to perform his public duty lest he be rejected by the people has no right to ask that he be accepted by the people. If called attention to these matters in a public statement four weeks ago, but Gov. Stephens has refused from making any answer until this eleventh-hour apology in a paid advertisement by his supporters."

**SUGAR OUTPUT
BELOW NORMAL.****Shortage is Approximately
Quarter of Usual Crop,
Says Official.**

According to figures given out yesterday by Henry C. Bonnell, manager of the Sugar Distributing Committee of the United States Food Administration for this section, the shortage in the sugar output for California this season will be about 25 per cent.

Southern California, which usually produces about 5,000,000 bags of sugar, will produce this season approximately 3,750,000 bags. The normal output for the entire State is about 4,750,000 bags, but Mr. Bonnell estimates that this season it will be approximately 3,125,000 bags.

Mr. Bonnell's territory includes Southern California, Arizona, New Mexico and a part of Texas.

**CANDIDATES
CONFIDENT.****(Continued from First Page.)**

him because he is the only Republican who can beat Randall and because it is the patriotic duty of every citizen to defeat the notorious "Montevia" Flowers.

Yesterday Mr. Flowers received the following telegram from one of the most noted educators of the country:

"Montevia Flowers,
"Your friends the country over rejoice that Southern California has an opportunity to send to Congress a man personally patriotic and scholarly, the equal of any man in that body. Never was there greater need of a man of your ability and national influence in Congress."

(Signed) "A. E. WINSHIP,
"Editor New England Journal of Education, Boston, Mass."

For Supervisor.
With seven candidates for Supervisor in the Third District it appears to the Watchman that the fight really is among F. E. Woodley, the incumbent; W. M. Humphreys, one of the best known business men in the county, and C. J. McCormick, a member of the Board of Education. Because of his exceptional ability Mr. Humphreys should receive the high vote and no doubt will do so.

Reports from the First Supervisor District were to the effect that James L. Matthews, editor of the Covina, no doubt will defeat Prescott F. Cogswell for a place on the ticket. It was generally believed that Matthews and Matthews will go through to the final.

No election was ever marked by dirtier politics than has been played in the Second Supervisor District by enemies of R. J. Delorey, the incumbent. Notwithstanding the crooked politics Mr. Delorey is believed to be a sure winner.

Automobiles for Bordwell.
The Bordwell-for-Governor headquarters is well supplied with automobiles, to be used for the convenience of voters, and will send them wherever they may be needed.

FOR SERVICE OVERSEAS.
Walter G. Van Pelt, an attorney, made application yesterday to R. R. Zimmerman, the naturalization clerk in the office of the clerk of the United States District Court, for a passport to France, where he will enter Red Cross work as assistant to the zone commander.

**THOUSANDS OF
CITY TEACHERS.****More than One Hundred New
Names in Lists.****Maximum Salary at Nine
Years of Service.****Plans for Classes in War
Emergency Work.**

Three thousand teachers have been elected to the city schools for the coming school year which opens next Tuesday.

The announcement was made last evening by the Los Angeles Board of Education, who, in addition, have employed 301 persons as probationary instructors in the various special and night schools. Of the instructors employed a large percentage are those who have taught here in years past, although more than 100 new names appear on the list.

It will be impossible for the Board of Education to grant the requested \$100-a-year increase in salary to every instructor, as the Board of Supervisors recently declined to sanction a proposed tax-rate increase, but school board officials have announced that in certain cases teachers receiving the lowest salaries will receive an additional \$48 a year. This, added to the \$52 which is received annually by instructors in elementary schools under the nine-year maximum apportionment, will cause them to receive the desired amount. It was announced also that the maximum salary will be paid at nine years of service, instead of ten years, which is considered a progressive step in the annals of local school history.

WAR EMERGENCY WORK.
Special teachers are to be employed for the war emergency work, which will be a part of the curriculum in high and intermediate schools. The State Board of Control has apportioned funds which will enable it to pay 50 per cent. of the teacher's salary in each war emergency class, up to \$12.50 an hour. If the Board of Education finds itself unable to equal this amount, it will be possible to pay 45 per cent. evening session. The State Board of Control has apportioned funds which will enable it to pay 50 per cent. of the teacher's salary in each war emergency class, up to \$12.50 an hour. If the Board of Education finds itself unable to equal this amount, it will be possible to pay 45 per cent. evening session.

The board decided last evening that high and intermediate school teachers, when working under the Smith-Hughes Act, be paid at the rate of \$175 per school month. It was announced that there will be an outlay for equipment. Courses in shipbuilding are to be offered at the San Pedro High School, for which E. C. Stinson has been elected principal. Stinson is in welding and vulcanizing will be formed at Polytechnic evening school.

**PUPILS ENROLL
NEXT TUESDAY.****Assignments of Teachers to be
Made at Meeting on
Saturday.**

The new school term opens on September 3. All students, including B-3 high school, will enroll on that date. The general teachers' meeting will be held next Saturday morning at 9:30, at Clune's Auditorium. The assignments of all teachers will be given out at that time. The principals' meeting will be held on Wednesday, September 4, at 4 p.m., in the Olive-street school building.

**BONDSMEN FORSAKE
ALLEGED EMBEZZLER.****GEORGE A. FOX IS PLACED IN
JAIL FOLLOWING
AUTO DEATH.**

George A. Fox, erstwhile clubman and financial secretary, who is awaiting trial on a charge of embezzlement preferred by Mrs. Anna G. Walters, was surrendered to Sheriff Cline and lodged in the County Jail yesterday by his two bondsmen.

It is understood that Fox and his bondsmen, Charles Davis and Frank Goings, had some difficulty over an automobile which Fox lost by permitting a suit of attachment to go by default. The bondsmen lost \$50 in the transaction and concluded that Fox was too much of a risk for them, according to Sheriff Cline.

Fox was arrested on charges by Mrs. Walters that he embezzled money from her while acting as her ranch manager. He pleaded not guilty last Friday before Judge House and his trial was set for October 15.

The youngsters, many of whom are representatives of the Times, were the guests of J. A. Quinn at the Rialto Theater. The Hell With the Kaiser" made an evident impression on the newsmen and their applause at everything patriotically American was deafening.

"Gee, ain't the Kaiser an awful guy!" declared one of the newsmen. "Hell ain't no 'nuch for him. They order send him to Mexico."

SUGAR FOR CANNERS
LONG AS IT LASTS.

**GROCERS MAY CONTINUE TO
SELL IF THEIR STOCK HOLDS
OUT, SAYS COLE.**

All retailers of sugar were warned yesterday by Louis M. Cole, City Food Administrator, that the local office of the Food Administration will not redeem yellow home canning statements between August 25 and September 1.

"During this period this office will be swamped with work getting out the September allotments of sugar for manufacturers and will not be able to handle home canning statements," Mr. Cole said. "Grocers will continue to sell home canning sugar as long as their stock holds out. If they have sugar, they should not refuse to sell it."

Y. T. Tait, proprietor of the Parisian Bakery, No. 612 Catalina street, who was found guilty of violating the wheat flour rules by the baker's jury last week, closed his place of business yesterday for two weeks.

Dr. E. V. McCollum, of Johns Hopkins University, one of the best known lecturers on food values, who is now touring the United States, lecturing for the Food Administration, will speak tomorrow evening at 8 o'clock in Blanchard Hall on "Twenty Million Housewives' Responsibility to the Nation." The lecture is free.

There will be a meeting of County Food Administrators in the Union League Club tomorrow afternoon. Frank J. Dwyer, County Commissioner for Southern California, will be the principal speaker.

FORGERY IS CHARGED.

Charles F. Flood, Realty Operator, to be Arraigned Tomorrow Alleged to Have Deceived Banks.

Accused of having defrauded Los Angeles banks of more than \$10,000 by means of forged cashiers' signatures to bank drafts, Charles F. Flood, real estate operator, was arrested yesterday in Venice by Detective Jones of the police department. He will be arraigned tomorrow before Justice Hanby.

According to the police, Flood is an alleged accomplice of Robert A. Barker, Los Angeles attorney, who is in the County Jail awaiting arraignment on a charge of forging the name of Mrs. Edith Greaver of Ocean Park to a check for \$1250.

Frak.

**MORE PROTESTS FILED
AGAINST SUNDAY LAW.**

TWO protests against and one communication in favor of the Sunday-closing ordinance were received by the City Council, yesterday. Both were referred to the Health and Sanitation Committee.

One of the protests against the ordinance was submitted by O. H. Morgan of the Globe Grain and Milling Company. He said in part that the ordinance should be revoked and that the Council should devote its time to things which will be of practical benefit to the community.

"The country is at war and all business of any consequence is under drastic regulation," he argues, "and it is doubtful if many will survive the burden of national tax-

ation which the government must impose to successfully prosecute the war. As far as our business is concerned it is immaterial what is done with the ordinance, but in fairness to other business interests, which will be injured by it, the ordinance should be revoked."

Mrs. John Korbell, who conducts a business which is hard hit by the closing ordinance, says that if the Council wants to keep the ordinance on the books it should hand each of the grocers, bakers and druggists \$25 each Monday morning. She argues in her protest that the small business concerns are the ones which need protection most in war times.

The United Garment Workers filed communication upholding the Council in its enactment of the Sunday-closing law.

**HOW THE HUNS
SPREAD POISON.****Propaganda Channels Bared
by Federal Officials.****Films, Religion, Books and
Papers Made Tools.****Don't Write "Blue" Letters to
Our Soldiers.**

How German propaganda has been fed to the American public and the different forms it has taken was clearly shown last night at a meeting of the Los Angeles Four-minute Men. Gordon Lawson, Assistant United States District Attorney, summed up the channels whereby German propaganda is disseminated as follows: Photoplays, pamphlets, religious societies, paid society gossip, and the organization of malcontents.

"The films have been particularly free from this insidious propaganda," he said. "In the 'Spirit of '76' it was proven that Robert Goldstein, who is now in the Federal penitentiary, received money from former German Ambassador Bernstorff, through Franz Bopp, erstwhile German Consul at San Francisco. In all forms of pro-Germanism one will always find the earmarks of British hatred and the desire to 'twist the lion's tail.'"

"In the Kennedy case, is an example where German money bought the tongue of a woman, one who was in a position to create a belief that the soldiers in camps were surrounded with evil influences, etc. The German government would be willing to give \$1000 for every 'blue' letter sent to our soldiers. It is not well at home."

"The Japanese question is another favorite means of starting discord. The Japanese are endeavoring to cause ill feeling between this country and Great Britain. The book 'Bantai' is the most pernicious. How to 'Shoe a Horse' is another under a seemingly harmless title.

"The organization of groups of discontent like the I. W. W. is another serious effort on Germany's part to cause industrial discord in this country.

"In the 'Finished Mystery,' said to be the last work of Pastor Russell, is found the favorite means of Germany endeavoring to inject religious scruples into this world argument. They take a passage of scripture and interpret it in the light of present-day facts. The Russians are particularly adapted to being fed with this poison, accepting the teachings such as the 'Finished Mystery' preaches and eagerly passing it along to all who will listen."

Mr. Lawson was followed by Special Agent Keep of the Department of Justice, who said that 75 per cent. of the cases investigated by his office were found to have been started by "unauthorized" agents. At the same time he urged the "Four-minute Men" to report all cases of seditious or suspicious utterances to his office.

WILL DISCUSS PLANS
FOR SANTA MONICA.

The Santa Monica Beach Association will have a luncheon meeting at 12:30 o'clock tomorrow, at the Lankershim Hotel. The association now has a membership of more than 100 resident and nonresident property owners in Santa Monica.

The special feature for discussion at tomorrow's luncheon will be plans for partitioning the Santa Monica beach, and the proposed extensive campaign to bring tourists to Santa Monica during the next winter season.

Plans for extensive beach development after the war will also be discussed. It is proposed to adopt the best features of the various popular European resorts in the new development of Santa Monica beach, and improvements now under consideration would require an outlay of from \$1,000,000 to \$5,000,000. These, of course, must await the conclusion of the war, but it is intended to perfect all plans so that the work may be begun as soon as permission can be obtained, or the way is otherwise open for it.

SCHOOL TO OPEN.

The secretarial school connected with the Girls' Collegiate School at Adams and Hoover streets opens on Thursday, September 14. Increasing numbers of students in this department necessitate increased facilities, and Miss Parsons and Miss Dennen announce that the entire lower floor of one of the buildings—mouth hall—will be devoted to this work, which continues under the management of Miss Frances Barry and assistants.

SEeks BOY HERE.

The City Mother's office was requested yesterday to aid in finding Leslie Davis, a 15-year-old Long Beach boy, who ran away from home last Friday. According to the information given to the police, the boy has a keen desire to enlist in the navy, and following a night agreement with his father, F. J. Davis of No. 317 1/2 Crescent avenue, he disappeared.

Brooklyn tonight at 10 o'clock. Park Congregation. Miss Gertrude DeWitt Thayer, the bride of Captain R. Minich, former pastor of the church, will be married.

Talmage is a niece of E. L. Barlow of this city. She is a graduate of the late Dr. T. D. Barlow, who, for six years, was the First Presbyterian of this city. She is a graduate of the late Dr. T. D. Barlow, who, for six years, was the First Presbyterian of this city. She is a graduate of the late Dr. T. D. Barlow, who, for six years, was the First Presbyterian of this city.

From the group of artists, Mrs. Emmett Davis (Aldrich) are planning to spend a week in the city and New York to be married. Mrs. Charles E. Ray of Los Angeles,

Right.

PEN POINTS BY THE STAFF.

Vote honest.
Vote for the square men.
You do not admire duplicity?
Curley Grow is solid for the entry.
For God's sake, no pacifists in our!
Then you will not vote for the double-crossers.
The open season for the peace dove is again on.
Some of the candidates evidently need the money.
The Ninth District is not an anti-patriotic district.
Will the United States and Japan put Siberia on its feet?
They are wearing "em higher" than this summer.
Why don't they give Von Hindenburg the money?
If baseball is nonessential, why does Vanderbilt come in?
It is pretty hard for a man with a uniform to get married these days.
It is understood that the President Wilson avenue in Paris is a very smooth highway.
"Night's own one-third off" reads a local advertisement. Take an elevator-street car.
The Kaiser is the only man known of who has six stalwart sons in the army and every one in robust health.
The new Sultan of Turkey is decidedly of the opinion that his predecessor picked out just about the right time to die.
Summer tourists to Catalina Island are still going direct from the steamer to the postoffice to see if there is any mail.
Good morning; how are you getting on trying to pronounce the names of the French towns that the Allies have captured?
Hey, there, you Kaiser, read your proverb, will you? "A fool's mouth is his destruction, and his lips are the snare of his soul."
It must be admitted that the publisher editors scattered throughout the country are doing everything in their power to win the war.
What has become of the old-fashioned band that used to have a glassful right behind the drum major?
Referring to the war in terms of billiards, it is the shot of the Allies and it is believed that they will win the game out. Everybody on the sidelines chalk up.
A college professor of course is from Chicago—claims that is the interest of hygiene we should all of our kind through a bath-kerchief. That is probably good advice—in Chicago.
So many things this year leave nothing to the imagination—the bathing suits affected by the male sex at Avalon this year, the distance. And so many of them have such a poor excuse, too.
Francis J. Henry is still quoted as being "solid for Wilson." But the President refuses to return the compliment. He knows how Wilson Henry is, who might shift to the Republicans before the wire gets set to California.
The law-abiding, liberty-loving people of California admire a candidate who has the "guts." If this is the reason to a Los Angeles aspirant, his friends make the most of it.
What has become of the old-fashioned mother who used to think that could not make gray unless the hair could begin with black? The daughter who knows better and the mother who does not like the 1918; we never heard of this.
Tom Mooney, from his cell in the Quentin, ought to send out a telegram blast for the nomination of the Democratic candidate who will win until next November to make up his mind whether the solemn injunction of the State courts of California ought to be enforced.
The L.W.W. and their friends over the State are fighting for the candidacy of Charles F. Smith. This ought to be an argument brought Tom Mooney to the rescue of the gallows. Like St. Paul, he fought with the beasts at Rome.
TREES.
I think that I shall never see a poem lovely as a tree.
A tree-whose human mouth is open Against the earth's sweet breast;
A tree that looks at God all day And lifts her leafy arms to pray;
Upon whose bosom snow has lain Who intimately lives with rain.
Poems are made by fools like me, But only God can make a tree.

UPPER PLANT AT LONG BEACH.

Takes Steps to Increase Sea Food Output.
Lead Cables Parents He Has French Bride.

Principal Engineer Accepts Government Position.

Long Beach, Aug. 26.—In the wake of the government's war needs of greater consumption of food, this city has established an upper plant, which is on the ocean end of the pleasure pier, and will operate operation Tuesday morning. The smokehouse will be open to the demand for its output.

Now being caught in the net, will be the first brand to be cured, the process being to take twenty-four hours, and has a producing capacity of pounds per day. Barracuda, rock cod and other varieties will be shipped in season.

PARISHIAN GIRL.

Long Beach, Aug. 26.—The regular navy, son of Mr. J. P. Miller, No. 648 Glendale, has married a native girl, according to a cablegram sent by his parents today from the capital. The bride's last name was not mentioned in the message. Her first name was given as Miller, who is 20 years old, and was stationed on the battleship boat destroyer in the waters for more than a year.

UPPER PLANT WORK.

Long Beach, Aug. 26.—The principal engineer of the upper plant, for the past eight months, will leave for Washington next week to accept a position in the government's war needs of greater consumption of food.

WAR A MASK, POTTER.

Long Beach, Aug. 26.—A mask when you have a mask, that is the motto of the war, according to a local expert, who is on medical research work. He says that the diseases of Europe were not so much as they are now, but that they are now as they are now, and he predicts that the war will be a mask when you have a mask.

REARER HAS JUST RETURNED FROM FRANCE.

Long Beach, Aug. 26.—A rearer who has just returned from France, where he demonstrated the use of the mask before the war, is now in the city. He says that the mask will be a mask when you have a mask.

TAX RATE LOWER.

Pasadena City Commission States that it will be 85 Cents this Year.

PASADENA, Aug. 27.—This city will have a tax rate of not more than 85 cents, it was announced last night when the commission convened to pass a motion extending the time for preparation of the budget an additional ten days. It was explained by the Commissioners that the budget had been agreed upon up to the time that several salary increases had been granted in the various city departments, which necessitated revision of several items. Last year the rate was 84, with an additional 85 in the original city, total of 1.69. This year it will be 85 with 83 additional for bonds in the original city, total of 1.68.

The police, park and street department employees have all been granted increases, in no case less than \$10 a month. In the police department Chief McIntyre will get \$165, an increase of \$15; the captain, \$125, an increase of \$10; the sergeant, \$115, an increase of \$10; the motorcycle officers, \$115, an increase of \$10; the fire department, \$115, an increase of \$10; the city engineer, \$115, an increase of \$10; the city clerk, \$115, an increase of \$10; the city treasurer, \$115, an increase of \$10; the city auditor, \$115, an increase of \$10; the city assessor, \$115, an increase of \$10; the city controller, \$115, an increase of \$10; the city comptroller, \$115, an increase of \$10; the city clerk, \$115, an increase of \$10; the city treasurer, \$115, an increase of \$10; the city auditor, \$115, an increase of \$10; the city assessor, \$115, an increase of \$10; the city controller, \$115, an increase of \$10; the city comptroller, \$115, an increase of \$10; the city clerk, \$115, an increase of \$10; the city treasurer, \$115, an increase of \$10; the city auditor, \$115, an increase of \$10; the city assessor, \$115, an increase of \$10; the city controller, \$115, an increase of \$10; the city comptroller, \$115, an increase of \$10; the city clerk, \$115, an increase of \$10; the city treasurer, \$115, an increase of \$10; the city auditor, \$115, an increase of \$10; the city assessor, \$115, an increase of \$10; the city controller, \$115, an increase of \$10; the city comptroller, \$115, an increase of \$10; the city clerk, \$115, an increase of \$10; the city treasurer, \$115, an increase of \$10; the city auditor, \$115, an increase of \$10; the city assessor, \$115, an increase of \$10; the city controller, \$115, an increase of \$10; the city comptroller, \$115, an increase of \$10; the city clerk, \$115, an increase of \$10; the city treasurer, \$115, an increase of \$10; the city auditor, \$115, an increase of \$10; the city assessor, \$115, an increase of \$10; the city controller, \$115, an increase of \$10; the city comptroller, \$115, an increase of \$10; the city clerk, \$115, an increase of \$10; the city treasurer, \$115, an increase of \$10; the city auditor, \$115, an increase of \$10; the city assessor, \$115, an increase of \$10; the city controller, \$115, an increase of \$10; the city comptroller, \$115, an increase of \$10; the city clerk, \$115, an increase of \$10; the city treasurer, \$115, an increase of \$10; the city auditor, \$115, an increase of \$10; the city assessor, \$115, an increase of \$10; the city controller, \$115, an increase of \$10; the city comptroller, \$115, an increase of \$10; the 1960's for central police, Kansas City, Mo., said he had been told by a source that the FBI was looking for a woman who had been living with a man named Louis M. Knapp, \$10 a week alimony. In her complaint Mrs. Knapp charged her husband with molesting her daughter and abusing her. He blamed his troubles on the fact that a sister-in-law lived with them.

The light, moderately sweet wine for the home. Sold by wine merchants, cafes and bars.

The Mark of the Drink Sociability

VIRGINIA DARE WINE

was named after the first white child born in America. It's made of the famous Virginia Dare grapes discovered by Sir Walter Raleigh in 1584.

(It was first vinted by the Garrett method nearly three-quarters of a century ago, and is still produced with all the integrity of old.)

CHURCH LEADER LOCATES HERE.

Dr. Julius Lincoln to Become Angelica's Pastor.

Comes from Largest Swedish Congregation in America.

Just Back from Government Commission to Europe.

Dr. Julius Lincoln, widely known as a writer and platform and pulpit orator, and as one of the leading ministers of the Swedish Lutheran Church of the United States, is to be added to the galaxy of prominent ministers Los Angeles has captured. Next Sunday he will begin his duties as pastor of Angelica Swedish Lutheran Church, Seventeenth and Hope streets. A reception in honor of Dr. and Mrs. Lincoln will be given at the church on Thursday night.

Dr. Lincoln, who is a native of Kansas, was a graduate of Deany College, at Lindsborg, and his theological studies were at Augustana College and Yale Divinity School. For two years he was pastor of Bethany Church at Lindsborg, and for one year he was stationed as pastor at Meriden, Ct. In June of 1918, he assumed the pastorate of the Swedish Lutheran Church at Jamestown, N. Y., which is the largest Swedish Lutheran church in America, having more than 2000 adult members and a magnificent church property.

He served in this pastorate for twenty-two years, and while there was for nine years a member of the Board of Education, and six years its president. He also served as member of the Hospital Commission and the Park Commission; was elected for two terms as member of the National Republican Convention.

ANSWERS GOVERNMENT CALL. In November of last year Dr. Lincoln was commissioned by the government, with five other men, to go to Europe and study food conditions, and gather data to be used in propaganda for the conservation of food in America. The other members of this commission were Rocco R. Mitchell of Buffalo, chairman; Edward F. Trefz, formerly of the United States Chamber of Commerce, and recently of Los Angeles; Everett R. Colby of Orange, N. J.; Daniel A. Reed of Dunkirk, N. Y.; and John B. Lord of Washington, D. C.

Immediately upon their return to the United States, Dr. Lincoln, at the invitation of government officials, began a speaking tour, basing his lectures on the information he had gathered overseas. He covered Indiana, Michigan, Wisconsin, Minnesota, Missouri and Ohio, when his health broke, and he was forced to take a rest.

Recovering his health, he accepted the call to the Los Angeles pastorate, which had been offered him prior to his going to Europe. He expects to combine his patriotic work with his pastoral duties here, and it is probable he will be heard on the lecture platform at various points on the Pacific Coast within the next few months.

The commission of which Dr. Lincoln was a member spent the last week in London, the guests of Lord Rhonda, Food Commissioner, and while there experienced an air raid, the bombs striking near their hotel. Then they crossed the channel to the British front, visiting the several battlefields; thence to Belgian cities that have been devastated, and thence to the battlefields of Flanders, Amiens and others. At Paris they became the guests of the French government, and spent thirty days in a study of conditions in France, visiting Soissons, Rheims, Verdun, Nancy and other important centers, and many agricultural districts.

EXPERIENCE IN AIR RAIDS. Everywhere in the country districts, says Dr. Lincoln, women, children and old men were carrying on the work, but no word of complaint was heard.

While the commission was at Rheims, 118 shells were sent over the city by the Germans, and the place was shaken from end to end. At Nancy they experienced two air raids in one night. They visited the Americans in the trenches, slept on their cots and ate of their men, and Dr. Lincoln conducted a memorial service at the graves of the first three Americans to lay down their lives on the battlefield.

The commission was given conferences with Field Marshal Joffre, Gen. Pershing, Prime Minister Clemenceau, and other men of prominence, and given every opportunity to secure valuable data for presentation to the American people at home.

"In all our travels," says Dr. Lincoln, "even in the best hotels, we saw not a single piece of wheat bread. The only place that we tasted

Dr. Julius Lincoln.

wheat bread was with the American soldiers in the trenches. "The men were in good spirits, but everywhere was the anxious question: 'To the people at home understand our great needs, and will the ships and money be forthcoming to carry on this great enterprise for humanity?'—a question that since has been most happily answered by the patriotic response from every State of a great nation."

MAN STOPS FIGHT; BOY FIRES AT HIM.

HIGH SCHOOL STUDENT, WHEN ARRESTED, TRIES TO WHIP TWO POLICE OFFICERS.

A brand new, German automatic pistol landed S. Skinner, 17 years old, a high school student living with his parents at No. 4104 Walton avenue, in the City Jail last night, after he had threatened another youth with death, and had actually fired one shot with the pistol, at the stepfather of the other boy.

Skinner, according to Officers Little and Griner, who arrested him, went to the home of C. P. Newhouse, No. 4520 Van Ness avenue, and there forced Andre Wires, 18 years old, stepson of Mr. Newhouse, to accompany him out into a vacant lot. There Skinner pocketed the automatic pistol and with his left administered quite a beating to Wires before the boy's stepfather interfered.

When Mr. Newhouse appeared on the scene and stopped the fighting, Skinner threatened him with the revolver. Newhouse told the lad that he would have him arrested, and he fired a shot at Newhouse, at that juncture, and the man rushed the boy and disarmed him.

When the two policemen started to take the boy to jail, he attempted to whip them and could not be subdued until he was taken to the City Jail, where he is charged with assault with a deadly weapon.

STIFF FINE FOR MRS. CARRIE E. SHEFFLER.

ADMITS SHE AIDED PROPAGANDA WORK AND HARBORED A SUSPECT.

Mrs. Carrie Eddy Sheffler of No. 211 West Colorado street, Eagle Rock, who was indicted by the Federal Grand Jury, some time ago, with Prince Hopkins, Carl K. Broecker, "Rev." Floyd Hardin and "Rev." George H. Greenfield, and others, charged with violation of the Espionage Act, yesterday withdrew her plea of not guilty in United States District Judge Bledsoe's court, and entered a plea of guilty.

On the recommendation of Assistant United States District Attorney Palmer, Mrs. Sheffler was fined \$500, which she paid. Mrs. Sheffler admitted that "Rev." Floyd Hardin had made her Eagle Rock home his headquarters, and that a shipment of the books, consigned to Hardin, had been received at her home, she receiving for the volumes. Outside of that, she asserted that she had not been in any way connected with the circulation of the German propaganda.

Previous to the declaration of war, Mrs. Sheffler stated that she had been an active worker in the ranks of those who opposed capital punishment in California and elsewhere, and through that association had been unwittingly drawn into the present case.

Those remaining to be tried are Prince Hopkins, "Rev." Floyd Hardin and "Rev." George H. Greenfield. Their case will be called in Judge Bledsoe's court, possibly Thursday.

BANKRUPT LISTS HOE AS AMONG HIS ASSETS.

Two pipe wrenches, two saws, a hatchet, a hammer, a brace, a hoe, a shovel and a pick, with a variety of household goods, all exempt under the law, are the assets listed in a petition in bankruptcy filed in the United States District Court yesterday by Henry W. Wilcox of San Diego. The debts of the petitioner are scheduled at \$11,469, consisting for the most part of notes and mortgages.

E. P. Hunsicker of the firm of Hunsicker & Berger, engineers of Los Angeles filed a petition in bankruptcy in the same court yesterday. The liabilities of the petitioner, which involve the partnership, are \$30,536.44, and the assets \$300, all exempt under the law. The indebtedness consists for the most part of promissory notes and bills for building material.

RECEIVES COMMISSION.

J. S. Loe, No. 109 West Forty-third place, who was for a number of years in the store and bridge and building departments of the Salt Lake, has been commissioned a second lieutenant in the United States Engineers and assigned to immediate overseas service. This word was received here yesterday.

TAX RATE CUT SEVEN CENTS.

Dollar Forty-five on Hundred New City Figure.

Budget is Adopted Without Dissenting Vote.

Comparison Shows Decrease All Along the Line.

A 7-cent reduction in the tax rate is the leading feature of the new city budget which was adopted by the City Council and signed by Mayor Woodman yesterday. It reduces the tax rate in Los Angeles this year from \$1.52 to \$1.45 on the \$100. Seven votes in favor of adopting the budget were cast yesterday. Councilmen Conaway and Criswell were absent on vacations. Councilman Farmer came all the way from Catalina to cast the seventh vote, that number of votes being required for the budget's adoption. The budget is based upon the old plan of \$1 on the \$100 property valuation, the extra 45 cents being set aside to take care of interest and principal of the city's bonded indebtedness.

Following is the complete schedule of tax rates for Los Angeles and her annexed territory, showing the comparison between the rate this year and that of last year:

| Los Angeles, old city | New rate | Last year |

CIRCUS IS COMING WITH NEW FEATURES.

BARNUM & BAILEY'S SHOW REQUIRES FIVE TRAINS FOR TRANSPORTATION.

Barnum & Bailey's Circus, proclaimed "the greatest show on earth," is to be in Los Angeles September 16, 17 and 18. New and novel features have been secured, and the three rings, with four stages, and rigging above, and the great hippodrome, will have an entrance for more than three hours at each performance.

There is a new and gorgeous parade, "The Circus of the Wonderful Lamp," in which nearly 1400 persons and 1000 animals appear in magnificent costumes. It will be followed by a host of acts in all parts of the great inclosure. There will be sixty clowns, a greatly increased menagerie of wild and untamed animals, four herds of elephants, several caravans of camels and many recently-born baby animals.

The free street parade, which will start from the circus lot at 10 o'clock on the morning of circus day, will be three miles in length. The largest tent in the history of all circuses is used by the Barnum & Bailey circus. Five railroad trains, comprising eighty-nine rail cars, will be required to transport its paraphernalia, and more than 750 horses will be used to transfer its wagons from the railroad yards to the show lot.

VICTORY MARDI GRAS TO BE JAZZFUL ONE.

PROMISE HARMONIOUS BLEND AT RED CROSS SHOPS NEXT SATURDAY.

By Olive Gray. Hamburger's Victory Mardi Gras at the Red Cross Shops, Saturday, promises to be an appropriate finale to the Saturday affairs, which were given weekly during the summer by the downtown stores.

The Victory Mardi Gras will be a consignment of the popular music of meritment with purposeful achievement, in which everyone can take part, and during which everyone will find something of special interest to his or her liking.

Music will form an important feature of the day's entertainment. The gamut will run from the popular jazz band to high-class operatic selections. The Submarine Band, the Fairland Orchestra and others will be heard.

There will be merchandise also to lure the shelleys from generous purses, and, while proving that bargains are possible, even at a benefit affair, will help to fill the strong box of the Red Cross.

EVANGELIST FACES JAIL ON DISLOYALTY CHARGE.

PROSECUTION at the hands of Federal officials from Chicago, against a traveling evangelist, who was arrested last Sunday on suspicion of having brought Eddy Garrow, 19-year-old Kansas girl, from her mid-west home to this city. According to the police, Schaffer is a rabid pro-German. When arrested he vehemently denied any improper relations with the girl. His alleged attack on all religious organizations working to help win the war were the direct cause of his apprehension.

Officers Edwards and Berger of the Federal Bureau of Investigation, yesterday afternoon with the Federal authorities and laid serious charges against the traveling evangelist. They were accompanied by a witness, who

HUNTS SPIES ON MT. LOWE.

Insanity Warrant Issued for Man Alleged to be Obscured.

Hunting German spies on Mt. Lowe seems to have been an obsession with J. E. Holt, for whose arrest on an insanity charge Pasadena officials left for the scene yesterday.

Holt is said to have come to public notice by frequent cries for assistance in "arresting" small flocks of Teuton spies whom he believed roamed over the mountain.

WILL BREAK GROUND FOR NEW SHIPYARD.

PLANT TO CONSTRUCT CONCRETE VESSELS TO BE STARTED SOON.

Announcement was made yesterday that ground will soon be broken for the plant at Wilmington of the French-American Shipbuilding Corporation, which will construct concrete ships and oil tankers for private ownership. Plans for the plant are being completed and, according to W. E. Russell, president and general manager of the company, the work will start as soon as possible afterward.

Among the officers and directors of the company are many men who have been identified with industrial work in the State. Through an error it was recently reported that Fred L. Baker, head of the Baker Iron Works and Louis Sentous, local French Consul, were associated with the company.

The officers of the corporation are William E. Russell, formerly president and general manager of the Phair Canning Company, president; Howell Baker, president and general manager of the California Panel and Veneer Company, first vice-president; Leon Fishler, a builder, second vice-president; George M. Chatter, United States mining engineer and formerly United States representative at Paris, third vice-president; Floyd M. Hinchaw, First National Bank, Fresno, and formerly secretary and manager of the Los Angeles County Title Company, secretary and treasurer. The directors include these officers and James A. Russell, an investor, and E. Roy Lathrop, a consulting engineer.

Allen Hoar, a marine engineer, in the navy yards, will be the designer of the ships; Mr. Lathrop, the chief engineer; S. E. Hallam, a shipbuilder, superintendent; R. G. Caborne, testing engineer, and M. J. Butler, shipbuilder and inventor of waterproofing for concrete ships, chief of the laboratory.

MRS. SCOTT'S BEQUESTS.

Will of Santa Monica Woman Provides for Gifts to Various Adversity Institutions.

Mrs. Emilie Hill Scott, who died in Santa Monica August 15, left an estate valued at \$75,000, and left bequests to religious and educational institutions, according to the will which was filed for probate yesterday.

The sum of \$5000 was left to the Order of Medical Evangelists, \$1000 of the bequest to go as an endowment for a bed in the White Memorial Hospital of Los Angeles. The King's Friends College of Guilford, N. C., is left \$100, and a similar sum is bequeathed to the Southern California Association of Seventh Day Adventists, for foreign missions. Sisters, grand children and other relatives of the decedent come in for the balance of the estate.

DEATH CALLS FATHER OF A POLICE JUDGE.

The funeral of Peter White, father of Police Judge White, who died at his home, No. 245 West Twenty-eighth street, yesterday morning, will be held Thursday morning at 9:30 o'clock at the residence. A mass of requiem will be sung at St. Vincent's Church, and the interment will be in Calvary Cemetery.

Peter White was 63 years old, and came here from Ireland in 1883. He leaves the widow and four children: Jude White, Miss Helen J. White, Corp. William C. White, stationed at March Field, and Francis P. White, in the army.

ALLEGED "SORCERESS" RELEASED ON BAIL.

Matilda Weismann, alleged spirit "sorceress," arrested several days ago on a charge of contributing to the delinquency of two minor children, Hattie and Morris Solomon, by advising them to steal money from their father, was released from the County Jail on \$1000 bail yesterday.

Her preliminary examination is scheduled for Thursday before Justice Haney. Mrs. Weismann, who is of Austrian birth, is declared to have offered to reconcile the mother and father of the Solomon children on condition that they paid her in order to propitiate the spirits.

EVANGELIST FACES JAIL ON DISLOYALTY CHARGE.

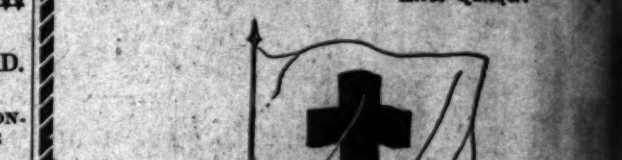

PROSECUTION at the hands of Federal officials from Chicago, against a traveling evangelist, who was arrested last Sunday on suspicion of having brought Eddy Garrow, 19-year-old Kansas girl, from her mid-west home to this city. According to the police, Schaffer is a rabid pro-German. When arrested he vehemently denied any improper relations with the girl.
